

SCHOOLS THAT TEACH HOW TO BUILD SOUL AND SPIRIT

Every school that teaches the making of Soul and Spirit is a school of regeneration. Schools that teach soul-making only do good work, but those that teach to manufacture Soul and Spirit, do superior work. Soul and Spirit, do superior work.

The man who manufactures Soul only, may be mortal or He is immortal if he enters a school of regeneration; mortal if he enters no school of regeneration.

Every school of regeneration teaches Maithuna (Sexual Magic). Sexual Magic). He who rejects the sacred fire of sex becomes mortal. A soul that does not want to receive the sacred fire of the Third Logos, gradually loses its inner strength, and after many reincarnations finally dies.

When we work in Alma manufacturing, our work is done in the molecular world. When we work in the manufacturing spirit, we operate in the electronic world solar. Ordinary "intellectual animals", they really only know this cellular world (The Physical World). Every Authentic school of regeneration teaches the three basic factors of the revolution of consciousness. Those three Factors are: Dying, Born, Sacrificing ourselves for Humanity. The pluralized I must die to manufacture Soul.

We must work with the Hydrogen SI-12 of sexual energy, transmuting it by means of Sexual Alchemy, in order to have

the right to the second birth. We must work with the SI-12 Hydrogen of sexual energy, transmuting it by means of Sexual Alchemy, to have the right to the second birth.

It is only by being born the Angel within ourselves that we are Immortal. It is absurd to think of the advent of the fire if we do not know how to transmute the sexual energy. It is absurd to think of the advent of the Fire if we do not know how to transmute the sexual energy. The sacred fire results from the transmutation of our sexual secretions. Whoever does not know the Maithuna (Sexual Magic), cannot receive the Sacred Fire. If the Soul does not receive the fire, it vanishes and little by little...

The Gnostic Movement is a school of regeneration with the three basic principles of the revolution of Consciousness.

Schools of regeneration are: Tantric Buddhism of Tibet, the Yellow Church of the Lamas the yellow church of the Lamas, Sufism with its Dervish Dancers, Buddhist Dancing Dervishes, Zen Buddhism, Chan Buddhism of China, etc. In the past there were great schools of regeneration. Let us remember the Mysteries of Eleusis, the Egyptian, Aztec, Mayan the Egyptian, Aztec, Mayan and Inca Mysteries; the Orphic Mysteries, the Mysteries of the Kambirs and the Mysteries of the Kambirs and the Dactyls.

The worst enemies of the Regeneration Schools are the Infrasexuals. The infrasexual is considered superior to people of normal sexuality and mortally hate the Suprasex.

The Gnostic Movement is a School of Regeneration mortally hated by infrasexuals. The degenerates of the infrasex they believe themselves more perfect than the Third Logos and They blaspheme him saying, "Sex is a very rude thing," "the materialistic Sexual Magic is something animal", "we work for spiritualization". The degenerates of the infrasex believe themselves purer than the Holy Spirit, and speak horrors against sex and against Sexual Magic. Recall that the three main forces of Universe are:

1. The Will of the Father.
2. The imagination of the child.
3. The Sexual Force of the Holy Spirit

Anyone who speaks out against any of these Three Logic Forces is in fact a Black Magician. Work with Hydrogen SI-12 is really terrible; the Initiate has to live the cosmic drama. The initiate has to become the central character of that cosmic drama.

The initiate who has managed to manufacture soul and spirit, has everything the right to incarnate his Divine Immortal Triad (Atman-Buddhi-Manas), because to whom he has it is given and the more he has, more is given, but to those who have nothing, nothing is given and even what he has will be taken from him.

It is absurd to claim that the Divine Triad is already incarnate. Only by manufacturing Soul and Spirit can we embody it. The people who definitely do not manufacture Soul or Spirit lose, break all relationship with the Divine Monad (Atman-Buddhi-Manas). These people become participants in the Mineral Kingdom and enter in said kingdom. All Conventional Religions

have symbolized to said kingdom with its hells. Let us remember the Greek Tartarus, the Avitchi, the Roman Avernus, hell Chinese, Christian hell, etc., etc., etc. In the Mineral Kingdom devolves ... it is a fall into the past ... a regression by the Animal, Plant and Mineral Kingdoms. The end result of such a misfortune is disintegration. Certainly that's the objective of such involution in the Mineral Kingdom.

It is necessary to dissolve the Ego in the Avitchi, to free the Buddhata. Every authentic school of Regeneration knows this and wants to save man. The schools of regeneration they produce adherents. True Masters of the Grand Lodge White The Gnostic Movement is a School of Regeneration Authentic.

In the world there are thousands of schools that promise wonders, but only Authentic Regeneration Schools can produce true Masters of Greater Mysteries with powers over fire, air, water and earth. May there are many Religions, Orders and Sects, but only the Schools of Regeneration can produce Angels and Mahatmas. Schools of regeneration have the high honor of having produced Masters such as: Budha, Jesus, Dante, Hermes, Quetzalcoatl, etc., etc., etc.

Be careful, dear reader! Do not let yourself be screwed up! School that does not teach the three basic factors of the revolution of consciousness, it is not really School of Regeneration. School that teaches the way of fornication, is not School of regeneration. School that teaches to fortify the Self, It is not a School of Regeneration. FOR THEIR FRUITS YOU WILL KNOW. The tree is known for its fruits. Such a fruit, such tree.
